Bachelor of Commerce and Bachelor of Advanced Studies (Dalyell Scholars)

Bachelor of Commerce and Bachelor of Advanced Studies (Dalyell Scholars)

What's it like to be a Dalyell Scholar?

Key capabilities

Global leaders in business education

Top 50 globally — ranked in the Quacquarelli Symonds University Rankings 2019

Top 10 globally — for Australia and its to the world — ranked in the QS University Rankings 2019

Overview

Learn from world-class academics and innovators. Designed for high achievers, this dual degree combines a Bachelor of Commerce, a Bachelor of Advanced Studies and a Dalyell Scholarship. Gain a deep understanding of business and society, and develop your critical and analytical skills. Explore your interests, and take access to a wide range of elective opportunities.

Where else may the Bachelor of Commerce and Bachelor of Advanced Studies (Dalyell Scholars) take you? Our graduates are well-prepared for a wide range of professional and academic pathways, and get involved in cross-disciplinary research projects, internships, and exchanges with top universities.

In the Bachelor of Commerce, you will gain a strong international grounding in areas such as accounting, economics and business statistics.

The Bachelor of Advanced Studies is a research degree, which is a challenging but rewarding option for students who want to pursue their interests in greater depth than core units. Students are encouraged to pursue their own research topic, supported by a supervisor, and to develop a research proposal, undertake a literature review, collect and analyse data, and write a thesis.

Choose from a wide range of honours subjects and take advantage of our extensive research expertise across the University. Our academics are leaders in their fields and are committed to sharing their knowledge and expertise with students.

By selecting your undergraduate degree with the Bachelor of Advanced Studies you will be a cohort member of a prestigious and exclusive community of high achievers. Dalyell Scholars are provided with a wide range of opportunities, including a dedicated learning space, and skills in areas that will benefit your career.

Why study here?

- **Multicultural, global outlook** as our university's ethos and foundation.
- **Our graduates are highly sought after** by employers, and our degrees are recognised by professional associations and institutions in Sydney, Australia and Asia, Europe, the United States, and Latin America. Our graduates are well-prepared for a range of professional and academic pathways.

Bachelor of Commerce and Bachelor of Advanced Studies

Your global business journey starts here

Key | Cambridge

Global leaders in business education

Yes, I'm excited about the Bachelor of Commerce and Bachelor of Advanced Studies. Please send me information on Cambridge's business degrees, and more.

Thank you! We will be in touch with information on Cambridge's business degrees, and more.

Overview

Your global business journey starts here. Our new Bachelor of Commerce Bachelor of Advanced Studies combined degree allows you to develop a deep understanding of business and management, while you develop skills to move and retain your mobile for a career in a globalised industry.

Gain critical thinking, communication, leadership and problem-solving skills in a dynamic, multicultural environment, and get hands-on in cross-disciplinary units that integrate business, law and international relations.

In the Bachelor of Commerce, you will gain a thorough grounding in global scale such as accounting, economics and business statistics.

Complement your commerce studies with the Bachelor of Advanced Studies and gain a deeper understanding of global business and international relations. Our Bachelor of Advanced Studies offers a range of specialisations, specifically designed to prepare you for the contemporary workforce, equipping you with the knowledge and entrepreneurial skills, as well as the tools to drive global innovation.

Choose from a wide range of majors relevant to all of finance, accounting, marketing, international business, human resource management, and economics. We encourage all of our international students to complete a minor in Business English, which will prepare you for the workplace in English, as well as the skills you need to succeed in the world.

Our Bachelor of Commerce degree pairs with the Bachelor of Advanced Studies so you focus on gaining the knowledge of a practice-oriented qualification. Take one discipline different subjects and demonstrate to gain a broad and versatile understanding of business, and a deep understanding of a specialisation.

Why study here?

- **Build your global network** as you connect with our graduates and our industry partners.
- **Develop your global mindset** as you work with leading international companies in Australia, Asia, the Pacific, Europe, North America and South America through our industry placements.

- Accounting
- Business Analytics
- Computer Information Systems
- Business Law
- International Human Resource Management
- International Business
- Management
- Marketing

Programs:

- Professional Accounting

See Programs

Units of Study

Completion requirement

All available course completions require units of study. • three 3000 level units and two 2000 level units. 192 Credit points must complete all 3000 level units with the exception of 3 units of 2000 level units. Students must complete the core units, minimum 24 units.

Capstone (compulsory project)

There is one 'Capstone' project in each major, so students will provide the opportunity to apply the skills and knowledge you'll gain throughout your major. We believe that this experience will prepare students for the workplace and provide students with a portfolio of work to showcase their knowledge and capabilities, which will be valuable when seeking employment.

Sample study plan

Bachelor of Commerce and Bachelor of Advanced Studies

Discover the University of Sydney

Overview

Our rankings

World leaders

12th in the world
QS World University Rankings by Subject 2019

1st in Australia
For graduate employability in the QS Graduate Employability Rankings 2018

Pursue your interests in business and law through our Bachelor of Commerce and Bachelor of Laws program and graduate with two degrees under one roof. Gain a deep understanding of the business world and the foundational knowledge of law, with the commercial, technical and interpersonal skills employers are looking for. Study at the university that is the business world's alma mare (legitimate English translation).

Today's law graduates need to be equipped with an agile mindset, and the ability to draw on legal and non-legal insights to solve multi-faceted problems, amid unprecedented change, shifting client expectations and rapid technological advancement.

The Bachelor of Laws (LLB) is one of the most reputable law programs in Australia, highly regarded overseas and your first step towards admission as a legal practitioner in NSW.

Focused on the modern legal environment, you will develop the complex problem solving and critical thinking capabilities to meet the challenges of a contemporary global landscape.

Complementing your legal studies, the Bachelor of Commerce combines business fundamentals with a wide range of specialisations in areas such as finance, accounting, economics and business statistics.

You will be exposed to real world business cases and experiences, drawn from our wide network of Australian and international business partners. The program is designed to provide you with the knowledge and skills that all leaders in the commerce major form a wide range of business subject areas.

Why study law?

- **World renowned for legal education** the University of Sydney Law School is **ranked 25th in the world** in the QS World University Rankings by Subject 2019 and 1st in Australia.
- Take advantage of exchange opportunities and **work with leading organisations** in the legal sector, such as the Law Society of New South Wales and South Western Sydney Legal Centre.

See information

Applying for honours

A state of the more specialised careers open to Bachelor of Commerce graduates, including those in the accounting and actuarial profession, require an honours degree. Similarly, if a student wishes to qualify for specialised postgraduate research degrees, an honours degree is required. Entry into honours programs requires qualification and eligible students will be an employee or being exceptional ability.

The Bachelor of Commerce and Bachelor of Advanced Studies with honours provides knowledge and training for candidates in research methods as well as experience in planning, performing and writing up research under the guidance of a supervisor. It provides a pathway to postgraduate research degrees such as PhD and Master's degrees.

Consider completing your first degree and then applying for the Bachelor of Advanced Studies. Students must complete honours as their fourth year of study.

For further details refer to the Business School website.

For details of completing honours in the Bachelor of Laws, please refer to the Sydney Law School website.

Over the faculty handbook

Admission criteria

Admission to this course is on the basis of the following criteria:

- equivalent education qualification such as the HSC/Higher School Certificate (including vocational and international equivalents), or mature/alternate admission (e.g. Special Entry Scheme/Special Entry Scheme)
- English proficiency/English Proficiency where these are not demonstrated by other qualifications.

Admission pathways are available for educationally disadvantaged applicants and for Aboriginal and Torres Strait Islander applicants. For details, visit admission pathways.

Prerequisites

Mathematics (equivalent of band 4) in the NSW HSC subject Mathematics* is based CS in Mathematics (Year 12 Stage 6 in NSW) or Mathematics (Year 12 Stage 6 in NSW) or Mathematics 1B qualification in Australia. For details including equivalent requirements for other qualifications, visit Mathematics course prerequisites.

*The subject requirement refers to Mathematics (and Mathematics General or Mathematics Extension 1 or Mathematics Advanced which will be first enrolled in the NSW HSC in 2020.

Transfer

You can apply to transfer into the Combined Bachelor of Commerce Bachelor of Laws program if you have a GPA of 5.0 or higher in your current degree. Transfer is based on secondary grades, whichever is higher. If you have not studied at tertiary level or if your tertiary GPA is below 5.0 you will be required to provide your secondary school or secondary qualifications only. If you are unsuccessful in a transfer application at the end of your first year of study, you may be eligible to transfer into the Bachelor of Sydney Law School and its partner faculties and could take determining the amount of credit for previous studies. However, it is not possible to complete Combined Law within five years if you start in the Bachelor of Sydney Law School.

Consider completing your first degree and then applying for the Bachelor. The graduate entry degree includes equity of all required work in knowledge to practice law in NSW. Find out more.

Course opportunities

Eligible students may apply to take part in an international exchange program for one or two semesters. Refer to the Exchange or partner institution or course/elements for details of the degree.

Dalzell Scholars

If you are eligible for entry into this degree then it is very likely you will also be invited to join the Dalzell Scholars program.

Professional accreditation

The University of Sydney Business School is actively involved in quality assurance and accreditation activities aimed at further enhancing the quality of teaching, research and community-related programs. We strive for excellence and this has earned us the prestigious accreditations available to business schools and enabled us to forge strategic alliances.

These include: The Association to Advance Collegiate Schools of Business (AACSB International) Charter, the quality accreditation of the Graduate Research School and the Business School by the Australian Government Department of Education and Training, Education. The Business School is the only Australian business school to be admitted to the Association of Business Schools (ABS) and has strong relationships with over 100 non-European academic institutions, and all of the world's leading multinational corporations.

For certain career options, external accreditation is a requirement for entering the profession, further accreditation may be required to complete other professional requirements and meet eligibility criteria for the following: CPA Australia, Chartered Accountants ANZ, CFA Institute, Institute of Actuaries of Australia, Institute of Chartered Accountants ACCA, Australian Human Resources Institute (AHRI), and CFA Institute Program Partner.

Refer to the Business School Undergraduate Handbook for further details.

For Bachelor of Laws (LLB) is accredited by the Legal Profession Admission Board and the Bachelor of Laws (Honours) is accredited by the Law Society of New South Wales as a professional recognition and course accreditation for intensive and overseas, please see detailed information under professional recognition here.

Important fee information

Domestic students

Indicative Undergraduate Student Contribution Amount

The student contribution amount for a Commonwealth Supported Place is an indicative only of the amount payable in Year 1 for a standard full time student (1.000 EFTSL). The actual student contribution that you pay will be based on the EFTSL value of the units you actually enrol in. For information about how to calculate your specific total student contribution, please refer to the University's Tuition Fees website.

Annual review and fee increases

Importantly, student contribution amounts are subject to annual review by the Commonwealth Government and may change. Fees for units of study delivered by a Commonwealth-specified topic effective at the start of each calendar year.

Additional incidental costs

Please note that for some courses there are additional costs in addition to the student contribution. Some of these additional costs are significant, for example, course specific field trips, or purchase of a specialised piece of equipment. Please consult the University's web page for more information: https://sydney.edu.au/students/materials-and-equipment.html.

Visa/MasterCard/American Express/JCB surcharge

Please note that a surcharge of 1.53% will apply for payments made by Visa, MasterCard, American Express or JCB. The surcharge is subject to review and may change. Information about payment methods and the surcharge is set out at: https://sydney.edu.au/study/finances/fees-costs/fees-and-costs/payment-ways-fees.html.

Potential for inaccuracy

Whilst every reasonable effort has been made to include correct and up to date information here, you are also advised to consult directly with the Student Centre, so that they can provide you with specific and up to date information about fees.

International students

Indicative International Tuition Fees for Undergraduate Students

The tuition fee for International undergraduate students is an indication of the fee payable in Year 1 for a full time student (1.000 EFTSL) (Standard Load 0 EFTSL). Depending on the calendar year in which you undertake your study, and if your study load is more or less than the 1.0 EFTSL, your tuition fee will be adjusted accordingly. For information about how to calculate your specific total tuition fee, please refer to the University's Tuition Fees website.

Annual review and fee increases

Importantly, tuition fees are subject to annual review, and will increase each year of your period of study, effective at the start of each calendar year.

Combined undergraduate degree tuition fees

For international students, for combined undergraduate degrees, a single tuition fee applies for the duration of the study. The tuition fee is for the combined degree, regardless of the units of study that are undertaken as part of your combined degree. Importantly, the single indicative course fee is for the full duration of the course, and will increase each year of your study in the combined degree.

Additional incidental costs and health insurance

For some courses there are incidental costs additional to the tuition fees. Some of these incidental costs are significant, for example, course specific field trips, or purchase of a specialised piece of equipment. Further information about these costs is available here. https://sydney.edu.au/students/materials-and-equipment.html. In addition, all students are required to have adequate health insurance for themselves while studying on an Australian Student Visa and to provide private health insurance for the duration of their studies on a Student Visa through a Complying Overseas Student Health Cover (OSHC) provider (Overseas Student Health Cover) scheme. This is a requirement of the Australian Government, unless otherwise exempted by the Government. Further information is available here: https://sydney.edu.au/study/finances/fees-costs/fees-and-costs/health-insurance.html.

Visa/MasterCard/American Express/JCB surcharge

Please note that a surcharge of 1.53% will apply for payments made by Visa, MasterCard, American Express or JCB. The surcharge is subject to review and may change. Information about payment methods and the surcharge is set out at: https://sydney.edu.au/study/finances/fees-costs/fees-and-costs/payment-ways-fees.html.

Potential for inaccuracy

Whilst every reasonable effort has been made to include correct and up to date information here, you are also advised to consult directly with the Student Centre, so that they can provide you with specific and up to date information about fees.

Bachelor of Commerce (Honours)

This is the University of Sydney

Our rankings

No. 1 in Australia
We are ranked first in Australia and fourth in the world for graduate employability in the QS Graduate Employability Rankings 2018.

Research impact
The University of Sydney is ranked number one in Australia and 77 in the world for our research citation impact in the 2017 CWTS Leiden Rankings.

Overview

The Business School Honours Program is an additional year of intensive study for high achieving students who have demonstrated their capability on completion of their undergraduate degree. The program aims to produce Honours graduates who are highly motivated, organised and demonstrate superior initiative.

Information on this page is relevant to students who commenced the Bachelor of Commerce prior to 2018. Students who commence study from 2018 can complete Honours as part of the Bachelor of Commerce and Bachelor of Advanced Studies.

Honours can fast track your future, whether you want to go into advanced research study or your chosen industry.

Our program aims to produce Honours graduates who are highly motivated, organised and demonstrate superior initiative. As an Honours student, you will study advanced coursework topics and complete a research thesis. The coursework units have been developed to build your mastery of research methods and expertise in a given Business discipline.

Business School Honours graduates join an exclusive and exceptional cohort. In completing your honours thesis you will work one-on-one with an expert in the field to develop your research skills, problem and expand the existing body of knowledge within your area of study.

Success in the Honours program is driven by the applied focus of the student. If you have unanswered questions from your undergraduate degree, the program gives you the opportunity to go further.

The specialist knowledge and skills developed and applied in an honours year are highly valued by employers and set you up for accelerated trajectory. Our alumni are now represented throughout senior positions in academia, government and the business sector.

What you'll study

The Honours Program is a full-time year of study commencing in semester one. The program has two components, course work and a thesis. Students develop the capacity for independent, analytic, interpretive, analytical problem-solving skills, and written and oral communication skills.

Honours students study three coursework units comprising a compulsory unit in research foundations and methods and two specialisation electives. Depending on the specialisation and the thesis, coursework may be completed in semester one or across both semester one and two.

The thesis is a 20,000-word research-based dissertation on a topic in which the student has a strong intellectual interest. The research should identify an area for investigation which makes a relevant contribution to and extends the body of knowledge in the student's chosen domain. The quality of the research design, development of research question, application of appropriate methodologies and interpretation of findings, as well as the quality of the writing, are the main criteria for assessing the performance of the thesis. Students will work on their thesis across their candidature in the program.

Applying for honours

To apply for honours in the University of Sydney Business School, you should complete the Business School Honours Program. The Business School Honours Program application for the 2019 Honours Program will open on the 30 August 2018. There is only one intake each year to the Business School Honours Program, commencing in semester one. Offers may not be deferred. Candidates who receive an offer to the program and are unable to accept will need to reapply to the program for the following year.

* Students wishing to apply for Honours in Finance are strongly encouraged to submit their application before the 1st November.

View the faculty handbook

Admission criteria

The minimum entry requirement to the Business School Honours Program is a completed pass degree with a minimum Weighted Average Mark (WAM) of 65 across all units of study taken, and a minimum of 70 in units completed in the major relating to the proposed honours thesis. Students who have completed a major sequence in a major in the field of study in which they intend to undertake their Honours feat. Entry requirements may be waived for an applicant by the Associate Dean (UG) and Honours Program Director only in exceptional circumstances.

Places in the program are offered competitively and where there are appropriate supervisory resources. Preference may be given to applicants with a higher academic standard, applicants who have completed additional, relevant undergraduate units of study, and/or applicants who have a demonstrated research interest and ability within a specialisation.

Professional accreditation

The University of Sydney Business School is actively involved in quality assurance and accreditation activities aimed at further enhancing the quality of our teaching, research and community-related programs. We strive for excellence and this has earned us the top international accreditations available to business schools and enabled us to forge strategic alliances.

These include The Association to Advance Collegiate Schools of Business (AACSB International), the European Quality Improvement System (EQUIS) European Foundation for Management Development (EFMD) and CEMS the Global Alliance in Management Education. The Business School is the only Australian business school to be admitted to CEMS, which is a prestigious alliance of 77 renowned European business schools, nine non-European academic institutions, and 60 of the world's leading multinational corporations.

Future study & careers

Future study

Research and scholarship are the foundations of everything we do. It is an expression of our engagement with our academic colleagues in Australia and internationally, and with the professional and business community. The University of Sydney is a leading and ambitious research institution for humanity. Our research and scholarship of all disciplines and all levels, from honours year in the Bachelor of Commerce (Liberal Studies) is an essential research training pathway to our higher degree by research programs, the Doctor of Philosophy (PhD) and Master of Philosophy (MPhil). The postgraduate research students are an integral part of the University community. We have a large cohort of international students each year. With more than 500 research students currently enrolled, we have one of the largest and most diverse higher degrees by research programs in the Asia-Pacific region.

Future study options

Master of Human Resource Management and Industrial Relations	Master of Management (COM)	Master of Management	Master of Commerce
Master of Supply and Supply Chain Management	Master of International Business	Master of Philosophy (Business)	Doctor of Philosophy (Business)

Careers

An honours year is an investment in your future career opportunities, and allows students to develop a wide range of additional skills that are highly prized by employers in industry and government. Honours graduates are recognised as possessing levels of knowledge and skill well beyond those obtained by pass degree graduates.

The honours program provides you with an opportunity to upskill in the areas of research, analytics and problem solving, communication and presentation. As an honours student, you stand out to an employer as having exceptional ability relevant to a variety of careers in the business world.

Important fee information

Domestic students

Indicative Undergraduate Student Contribution Amount

The student contribution amount for a Commonwealth Supported Place is an indicative only the amount payable in Year 1 for a standard full-time load of 48 credit points (1.0 EFTSL). The exact student contribution that you pay will depend on the calendar year in which you undertake your study in the course, and the specific units of study in which you enrol. For further information about how to calculate your specific total student contribution, please refer to the University's Tuition Fees website.

Annual review and fee increases

Importantly, student contribution amounts are subject to annual review by the University, and will increase each year of your period of study (subject to a Commonwealth specified cap), effective at the start of each calendar year.

Additional incidental costs

Please note that for some courses there are additional costs in addition to the student contribution. Some of these additional costs are significant, for example, course-specific materials, tools, protective clothing, and equipment. Please consult the University's web page for more information: https://sydney.edu.au/students/materials-and-equipment.html.

Visa/MasterCard/American Express/JCB surcharge

Please note that a surcharge of 1.53% will apply for payments made by Visa, MasterCard, American Express or JCB. The surcharge is subject to review and may change. Information about payment methods and the surcharge is set out at: http://sydney.edu.au/study/finances/fees-costs/fees-and-loans/service-your-fees.html.

Overview

The undergraduate journey with Sydney Business School begins with the Bachelor of Commerce degree. Our degree is designed to provide you with a strong foundation in commercial accounting knowledge. Take advantage of our international exchange program and study at one of our partner universities. Take your degree further with our postgraduate or undergraduate pathways, including our Bachelor of Advanced Studies.

Our degree is accredited by the CPA Australia program and CPA Australia recognises our degree as providing a pathway to membership of the CPA Australia program. Our degree is also accredited by the Institute of Chartered Accountants Australia and New Zealand (ICAA) and CA ANZ recognises our degree as providing a pathway to membership of the ICAA and CA ANZ. Our degree is also accredited by the Australian Institute of Company Directors (AICD) and the AICD recognises our degree as providing a pathway to membership of the AICD.

Study

Building on the foundation you can choose up to two majors. A major you may choose could be in accounting, finance, marketing, or you may choose to study a second major in business information systems or management.

Why study here?

- **Build your global network** as you connect with our faculty and our industry partners.
- **Take advantage** of our exchange programs that **can add a year of global experience** to your degree. Our exchange partners are located in Europe, North America and Asia.

For further information about how to calculate your specific total student contribution, please refer to the University's Tuition Fees website.

Annual review and fee increases

Importantly, student contribution amounts are subject to annual review by the University, and will increase each year of your period of study (subject to a Commonwealth specified cap), effective at the start of each calendar year.

Additional incidental costs

Please note that for some courses there are additional costs in addition to the tuition fees. Some of these incidental costs are significant, for example, course-specific materials, tools, protective clothing, and equipment. Please consult the University's web page for more information: https://sydney.edu.au/students/materials-and-equipment.html.

Visa/MasterCard/American Express/JCB surcharge

Please note that a surcharge of 1.53% will apply for payments made by Visa, MasterCard, American Express or JCB. The surcharge is subject to review and may change. Information about payment methods and the surcharge is set out at: http://sydney.edu.au/study/finances/fees-scolls/fees-and-loans/paying-your-fees.html.

Potential for inaccuracy

Whilst every reasonable effort has been made to include correct and up to date information here, you are also advised to consult directly with the Student Centre so that they can provide you with specific and up to date information about fees.

International students

Indicative International Tuition Fees for Undergraduate Students

The tuition fee for international undergraduate students is an indication of the fees payable in Year 1 for a standard full-time load of 48 credit points (10.0 EFTSL). Depending on the calendar year in which you undertake your study, and if your study load is more or less than the 10 EFTSL, your tuition fee will differ from the indicative amount. For further information about how to calculate your specific total tuition fees, please refer to the University's Tuition Fees website.

Annual review and fee increases

Importantly, tuition fees are subject to annual review, and will increase each year of your period of study, effective at the start of each calendar year.

Additional incidental costs and health insurance

For some courses there are incidental costs additional to the tuition fees. Some of these incidental costs are significant, for example, course-specific materials, tools, protective clothing, and equipment. Further information about these costs is available from: https://sydney.edu.au/students/materials-and-equipment.html. In addition to the fees set out in the University's Tuition Fees website, international students are required to purchase Student Visa overseas health insurance. Health insurance for the duration of their studies on a Student Visa through a government approved provider of the Overseas Student Health Cover (OSHC) scheme. This is a requirement of the Australian Government, unless otherwise exempted by the Government. Further information is available from https://sydney.edu.au/study/finances/fees-scolls/fees-and-loans/paying-your-fees.html.

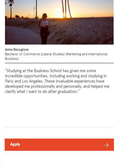
Meet our students



Anna Georgiou
Bachelor of Commerce (Liberal Studies) (Marketing and International Business)

"Studying at the Business School has given me some incredible opportunities, including working and studying in Paris and Los Angeles. These invaluable experiences have developed me professionally and personally, and helped me clarify what I want to do after graduation."
